

How to include Double Quotes inside a String in Swift?

Swift – Double Quotes inside String

To include quotes inside a string in Swift, escape the quotes with backslash character.

Example

In the following program, we initialized a variable with String value containing double quote. We have escaped the double quote with a backslash character.

main.swift

```
import Foundation

var name = "Hello \"World"
print(name)
```

Output

```
Hello "World
```

Conclusion

In this [Swift Tutorial](#), we learned how to include double quotes inside a String value in Swift, with the help of example programs.
